

View of the rear of the building

The rear door and back window apertures have been cut, and will be reinforced with welded steel frames.

Four lattice frames have been made to strengthen the containers where panels have been removed

Holes for the central front door and windows are next.

View of the front container

**Delivery is scheduled for sometime between
16th and 21st of November**
The exact date depends on the weather - high winds and
large cranes lifting 40ft boxes don't mix!

Other News

**Arrangements are now in place for
power to be connected to the shed**

**Despite the dull weather, our
FUNdraising day raised over £540
and the bacon butties were
fantastic!**

Offers of help

**Thanks to everyone who has offered to
help so far. If you would like to be part of
the team please get in touch.**

Offers of tools

**These are now coming thick and fast!
If you have something that you think we
might be able to use please let us know - we
can't take anything off your hands yet, but
we'll certainly get back to you when we can.**
