

How it looks so far.  
This is our visual update on progress.  
It doesn't look much yet, but things  
are about to happen in this long-  
abandoned space.

*“This is, without a doubt,  
the start of the most  
exciting community  
project in Leyburn ever!”*  
D Poole

*“It's been a long, long time coming  
But I know a change gonna come  
Oh, yes it will!”*  
S Cooke

*“Let's just get on with it!!!”*  
R Howis

# What's next?

LACC has paid the landlord's legal fees, and we now await written permission for the work to begin.

With Calvert's kind assistance the site will be prepared, and supports for the building will be installed.

The order for the building will be placed with Prest Engineering. They will undertake the conversion, and complete the shell of the building on site.

## In the meantime.....

**Saturday 16th September** is our **Open Day**. The building is unlikely to be completely finished by then, but please book a free place and come along to the Community Centre for more information about what the shed will offer, and have some tea and cake to celebrate the progress made.

**Full details of this event will follow in later newsletters.**

and...

This year, the **Summer Grand Draw Prize Raffle** will be in aid of the Community Shed project.

Tickets (£1 each) will be available soon, and the profits will help us to get this project finished.

As usual, there will be fantastic prizes to be won!

These are the organisations that have already supported this project with advice, grants, donations and a wealth of ideas that we have happily stolen.
