

*The plywood panels have all been fitted to the ceiling, and work is about to start on the floor.*

*One of the end walls has also been insulated, and the power connection is now inside the building.*

*The outer frame for the floating floor is also complete.*

## Other News.....

### *A Major Donation!*

We are extremely grateful to Wensleydale Rotary who made a generous donation of £2000 to help with setting up and equipping the shed with essential tools and other items. A proportion of this money will be spent on a range of cordless tools that are unlikely to be donated directly.

### *Top-soil anyone?*

The soil heap is due for removal soon, so this is the last call for anyone who would like to take advantage of this *free!* offer. Just give us a call to arrange collection.

## ***Our Nearest Shed Neighbours - Snape Shed***

***Recently set up , but already producing handmade goods, and generating income from kindling sales, and through refurbishing items for their local community.***

**Snape Shed is at the west end of the village, next to the allotments, and is open on Tuesdays and Fridays 2pm - 4pm.  
Tea drinking and chat are obviously compulsory.**

## **In the next edition.....**

### ***Stuff - please save something from the tip***

We have gradually accumulated a whole range of donated stuff that won't be of use in the shed, but will be of use to someone.

If you see anything you can use, just give us a call. Everything on offer will be available for a suggested cash donation to support the shed.

***“People are usually shocked when they find out I’m not a very good electrician!”***

**Allen and John working hard on the Leyburn shed**
