

Deyburn community shed

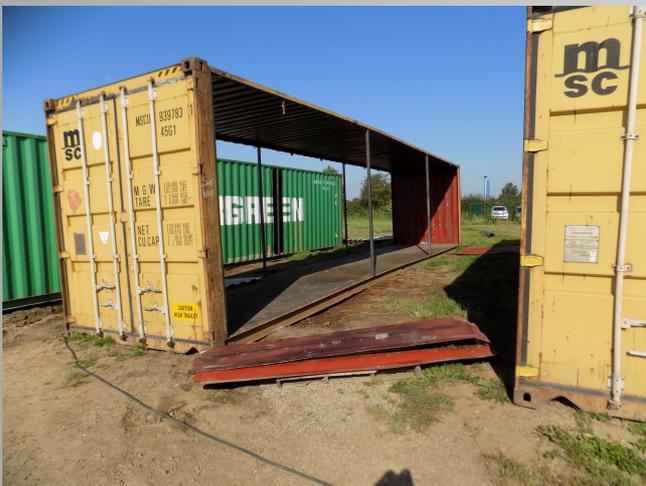

Newsletter #4

The Conversion is Underway

Well travelled, but looking a bit sad, these three containers are about to get a new life.

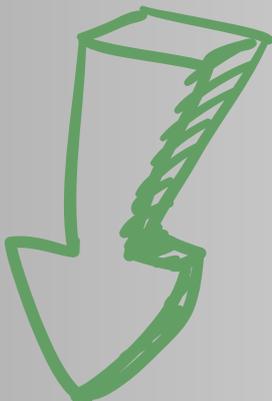

Two weeks later, and the main cutting job is nearing completion.

Not much left of the middle container .

Temporary steel supports ensure that everything stays in place.

Just three more panels
to remove, then new
steelwork will be
going in.

Further
updates
Soon!

don't forget.....
